CENTURY
INTELLIGENT LEARNING™

Exciting News for Y5 and Y6 pupils! This academic year we are moving further into the digital world with a company called Century. Century is an artificial intelligence online platform that personalizes learning for the children. It tracks how a child prefers to learn and suggests what aspects of learning they need to improve upon. The class teachers can assign different learning opportunities to the children to access as part of their classroom learning. The plan is for all children to use this platform eventually. In Y5 and Y6, the child's class teacher has allocated online learning experiences to support your child with their learning for both in and out of school. The children have been shown how to login and their username and password is inside their planner. Why not let them show you at home what they have been doing in school?

time is precious

Is your child or someone you know, due to start school in September 2019? If so, we would like to invite you to join us at our 'Open Afternoon'.

Please come along between

**1:30pm – 3:00pm on
Wednesday 7th November**

A great opportunity to see our wonderful school in action.

'Do you have any old/unused keys lying around your home?'

Thank you so much for the donations so far... but we need more old/unused keys for our current art project, so please could you take a look around your home/garage to see if you have any old/odd keys that are lying around that no longer belong to anything. Maybe an old door key, padlock key, gate key, locker key...?

Perhaps you could ask at work your workplace if your colleagues there have any they would like to donate?
